Dear Sir:

About 25 Feb 63 a clerk of Mail and Records Branch, this agency, signed your receipt for 57 copies of a CTS Supplement.

The receipt bore the following control data: Number 4793, Date 2-25-63, Classification S.

The aforementioned clerk actually received only 5 copies of the document. She annotated her file copy of the receipt to indicate that fact.

Request that action be taken to so annotate the pertinent receipt held by your office and that this office be notified.

Sincerely,

[Signed
